Objective

A Mechanical Engineer, Web Developer, Graphic Designer, and Programmer with over 4 years of experience. Specialized in mechanical engineering, software solutions development, and web design. Aims to enhance innovation and improve operational efficiency by applying diverse skills in engineering and digital project development, achieving sustainable growth through increased productivity and improving quality by up to 30%.

Education

- **Sudan University of Science and Technology** 2016 _ present
Bachelor's Degree in Mechanical Engineering , Production Specialization

Experience

- **Sparta Meals** 2023 - Present
Researcher and Web Developer
- Developed a digital media plan and oversaw the production and distribution of digital products, contributing to a 25% increase in sales.
- **Al-Kawnain** 2022 - Present
Researcher and Web Developer
- Developed and optimized websites for improved performance.
- **Sudanese Inventors Association** 2022 - Present
Member of the Secretary-General's Office
- Monitor projects of Sudanese inventors and provide necessary technical support.
- Offer appropriate solutions for emerging technical issues.
- **Rozar Technology** 2021 - Present
Founder
- Design and develop websites.
- Manage content and oversee social media pages.
- **Aza Engineering Technology** 2018 - Present
Sales Manager
- Manage sales operations for technology products and increase profits through innovative marketing strategies.
- **Hult Prize** 2022 - 2023
Campus Director
- Trained and prepared students for entrepreneurship and startup creation, resulting in a 20% increase in project support.
- **Education Sustainability and Vocational Development Initiative** 2022 - 2023

Education Ambassador

- Organized digital literacy programs.
- Trained students on computer programs and provided trainers and necessary devices for their learning.
- Achieved first place in Africa.

- **VMC Program** 2021 - 2022
Web Developer
 - Developed and designed websites using HTML, CSS, and JavaScript.
 - Trained colleagues on development techniques, resulting in a 35% improvement in website quality.
- **Hafawa for Mental Health** 2020 - 2022
Graphic Designer
 - Designed graphic posts and awareness campaigns for mental health, increasing audience engagement.
- **Road to the Future** May _ 2021 - July _ 2021
Conference Organizer
 - Organized youth conferences, leading to a 75% increase in attendance.
- **TikTok** August _ 2020 - October _ 2020
Data Entry
 - Entered and cleaned data to improve AI algorithms, with a focus on processing audio content, contributing to a 15% improvement in algorithm accuracy.
- **Prestige Integrated Maintenance Company** 2019 - 2020
Sales Manager
 - Increased company sales of air conditioning units through effective marketing strategies.
- **Golden Night SD** 2018 - 2019
Secretary
 - Managed meetings.
 - Organized events and distributed tasks, leading to improved internal work efficiency.

Skills

- Programming in Python
- Data Analysis
- Graphic Design using Illustrator, Photoshop, InDesign, Figma, and PowerPoint
- Customer Relationship Management using Notion
- Working with cloud computing systems and managing servers (e.g., AWS, GoDaddy, Namecheap, MazenHost)
- Business Analysis using Excel
- Engineering Design using SolidWorks
- Network Management
- Using version control systems like Git
- Effective Communication
- Leadership and Guidance
- Time Management
- Teamwork
- Creative Problem Solving
- Critical Thinking
- Negotiation and Conflict Management
- Adaptability and Flexibility

- Emotional Intelligence
- Data-Driven Decision Making

Languages

- Arabic : The mother tongue
- English: Very good

Academic Achievements

- - Facilitated communication between students and professors and provided past exams and their solutions.
 - Delivered explanations for some lectures and provided course materials in PDF format via Telegram.

Certificates And Training Courses

- **British Council 2021**
 - Active Citizens Social Enterprise Training Workshop.
- **Newton Training Center 2020**
 - Laravel Web Framework.
- **Graduates Employment National Fund 2020**
 - Surveillance Cameras CCTV.
- **Professional Federation Training Center 2018**
 - First Aid and Cardio Pulmonary Resuscitation.
- **Yarmouk Industrial Complex 2018**
 - Mechanical Engineering.
